

We are hiring! DOI is currently looking for a Health Policy Specialist II for the Division of Health and Life Insurance and Managed Care.

The Health and Life Branch of the Division of Insurance regulates insurance companies and health maintenance organizations offering various types of health and life insurance products. Through application of statutory requirements, the branch reviews policy forms, certificates, applications, rate filings, life settlements contracts and other forms as necessary to assure that the health and life products being offered in Kentucky meet the applicable statutory and regulatory standards.

As a Health Policy Specialist II you perform complex research, analysis or planning functions related to Certificate of Need (CON), health data collection and analysis, or health policy. Serves as a trainer for new staff. Serves as a project leader.

If you are interested in furthering your career here at DOI, please follow the link below to see the complete job posting. If interested, please apply by 4/22/2023. If you have any questions regarding this opportunity, please contact Angela Raley or Stacey Griffieth.
